

Bargains at the Friends of Blandford Hospital Charity Shops

Dress yourself for a Tenner!!!

During the credit crunch and with rising inflation proving testing for many of us, it is worth remembering that there is still an ideal way of stocking up your summer wardrobe with complete outfits available for just a few pounds. The Friends of Blandford Hospital has 2 shops, in Barnack Walk, Blandford and at Innes Court, Sturminster Newton. They are always fully stocked with seasonal outfits with new items on sale every day.

Our 2 volunteer models pictured our exclusively fitted out in clothing donated to our shops with many similar items always on sale.

Jacky wears a summer top, skirt and matching jacket with coordinating shoes bag and hat and unbelievably the complete outfit is on sale in the Blandford shop for only £15!

Peter is dressed in a rather special Pierre Balmain Suit and Shirt with a Missoni Tie and his outfit was on offer for just £18.

It is actually quite easy in both shops to buy a complete outfit for £10!

Whether you are looking for additions to your working wardrobe, an outfit for a wedding or garden party, a new look for a big night out or even new gardening clothes there are always bargains on offer in both shops. Our volunteers will always be pleased to help you look for just the right size and style and you will always receive a friendly welcome.

Not only will you leave feeling very pleased with your bargains but also that you have been able to support your local hospital and health related projects throughout the community. Furthermore, you will be helping the environment; Charity shops are, after all, major recyclers.
